## Replenish Content

UX Flow

Gives users peace of mind that others are able to download—and so will they! At the same time, an opportunity to be given real-time download recommendations from fellow users

Continuous System Checking

### DOWNLOAD LIMITS

1. If a user is inside a Service Station Slot but has been inactive (no app activity of any sort) for more than 3 minutes, they are put back into the Waiting Room.
2. To accommodate other users, a user is only allowed to download max. 5 videos OR spend a max. of 30 mins. downloading (whichever comes first). If they wish to download more, they will be auto-queued inside the Waiting Room first.
